Creating More Profiles

Syllabus

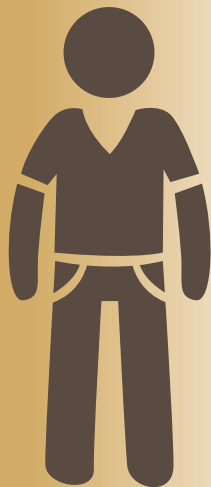

Self-taught entrants accept the responsibility of knowing the syllabus.

Entering Yourself in the Festival?

You need a “self-taught” profile.

- Create a regular Entrant Profile, Leave the Teacher ID space blank. When you submit it, it will give you a “self-taught” checkbox option.

Volunteering?
Create a Profile to help the festival make a schedule!

When the festival has made the schedule, you can log in to see your volunteer times!

Adjudicating a Festival?
Create a Profile to help you prepare!

When registrations are complete, log in to see the repertoire you will be adjudicating and performers remain anonymous.

Accompanying Performers?
Create a Profile and get connected to the performances you will be accompanying!

Accompanists do not link to Teachers, Parents or Entrants, but rather get linked to individual registrations.

Use “Share ID” to give Teachers, Parents and Students the information they need to link you to their registrations.

An accompanist can then log into their profile to see a schedule of all the pieces they are accompanying.
